Full-time employees refers to all employees of Appomattox County Public Schools who report to work daily. Since our pay scales increase with longevity of employment, those employees at the top of each job classification would receive the most compensation in that pay group. It would not include individuals who are substitutes, part-time, or seasonal employees.
 - 2) \$200,000.00 for textbooks.
 - 3) \$150,000.00 for FCC mandated radio system.

Subject : J. Discussion of Policy KG-R - Community Use of School Facilities

Meeting : Feb 28, 2013 - Appomattox County School Board Public Hearing on FY 2014 Budget and Regular Monthly Business Meeting

Type : Information

Public Content

The superintendent will discuss possible revisions to Policy KG-R - Community Use of School Facilities for your review and input.

Below is the section in which the last sentence needs to be deleted:

Who May Use the Facilities

Established organizations within the county, (parent/teacher organizations, booster groups, governmental and quasi-governmental public service bodies, religious, business/industrial organizations) serving the residents of the county, may apply to use school facilities provided the use is for an educational, civic, cultural,

recreational, social or other legitimate purpose of the organization. ~~In addition, outside organizations may apply to use school facilities, provided they meet all the requirements for such use.~~

Change page 9 in Category 1 such that all of the charges on that page for Category 1 should be zero. This would include school groups such as the After School Clubs at AES; we would not charge them utilities, etc. to use AES.

Option 1:

If the AYS letter that Mr. Overstreet and Mr. Wright designed is approved by the Board February 28 such that AYS incurs no fees and no charges, they will be in Category 2. In order for them to incur no costs at all, custodial/maintenance and utilities would need to be changed to zero on page 9. Category 2 includes educational support/gov't agencies which would mean that also on page 9 those same columns would need to be changed to zero charges (if the intention of the Board is not to charge government agencies).

Option 2:

Leaving Category 2 Supervisory, Food Service, Custodial/Maintenance, Light/Sound, as is.

Changing Utilities to 0.00 charge. (This would allow us to charge for cost of custodians after-hours).
