Mr. Joe Caldwell,
Lee Theatre,
Appomattox, Va.

Dear Skipper:

I looked for you and your boy, Bobby Lee, the shortstop, at State High School Tournament here, but didn't see you around.

Guess you know Lynchburg High won by now and I must admit they had a championship ball club.

You told me Lee had graduated from high school and I had intended to see him this spring, thinking he had another season.

If Lee is interested in going to one of our spring training camps on a look, I'll try and arrange same. We have a camp at Titusville, Fla., opening next week. If he doesn't want to go that far, I can have him work out with the Portsmouth Club which comes home next Sunday. Of course, I will take care of all the expenses.

However, if Lee is set on going to college and playing ball with you this season, I wouldn't want to change his mind. In fact, I think it is a splendid idea because a year's experience with your club would be very good.

Anyhow, I'd appreciate you having Lee fill out the enclosed green slip at your first convenience and return same to me for my file. Also have him let me know his intentions for the future.

I am looking forward to seeing your boys play again this year and be sure to mail me your schedule when it is ready.

Wishing you a successful season, I am

Sincerely,
Harry Postove
Harry Postove.
