

APPOMATTOX

Taking its place with Jamestown Yorktown, Williamsburg, Richmond and Wakefield, Appomattox is forever enshrined in the hearts and minds of the American People.

At Appomattox the moving hand of Destiny wrote "finis" across the scroll of four mighty years of Civil War. Here the gallant South, weary and weakened, laid the foundation for a new America by setting aside the sword and sabre of war for the implements of peace. Destiny selected Appomattox for one of the major events of World history.
