Thursday night

my dear Sam's and Joe -

Am lonesome tonight for you -

Every body has retired except Va, Dan & I and while I am waiting for them to come up will write you a few lines. Was glad to hear your voices over phone this morning. I was just getting up when you called, you see I am getting very lazy since you left. Mrs Brown Evelyn, Milla May, and I went to Log this afternoon. I have been suffering with my eyes, so that I'd like have them examined and see if it would help me to feel better. I am tired as we made a quick trip and found the roads almost impassible in some places. We had to push our out of mud twice - It seems that most every one in Appot expects to go down Sunday. I may decide to go Sat or 4 - I am feeling well except - I don't think I'll go thro' Country unless it is very warm & pretty -
