S. L. Furgison,
Appomattox, Va.

Dear Sir:-

A little higher in first cost but more economical in the long run. Isn't that true of nearly everything?

This applies particularly to Oilzum, which forms a stronger and more enduring film between the moving parts of a motor, preventing wear and tear by keeping moving surfaces apart, and giving the world's safest motor insurance.

You will find enclosed a letter from Eddie Hearne, one of America's best known and greatest race drivers, who has tried out many different kinds of oil and proved to himself that Oilzum is the safest and most economical oil.

Appomattox Auto Wrecking Co., Appomattox, Va., would like to have you try out Oilzum in your car so that you may prove to yourself the real lubricating value of America's Finest Oil.

Yours very truly,

THE WHITE & BAGLEY COMPANY.

E. I. Richardson
Apprentice, Va.

Dear Sir:

A little while in the past we have been successful
in the long run. In fact, we have been successful
This applies particularly to Olum, which forms a
stronger and more enduring link between the moving parts of
a motor, preventing wear and tear by keeping moving surfaces
apart, and giving the world's fastest motor insurance.

You will find enclosed a letter from W. H. Hearn,
one of America's best known and greatest motor drivers, who
has tried out many different kinds of oil and proved to him-
self that Olum is the safest and most economical oil.

Apprentice, Va. - Working Co., Apprentice, Va.
would like to see you try out Olum in your car so that
you may prove to yourself the real practical value of
America's Finest Oil.

Yours very truly,

THE WHITE & BAGLEY COMPANY
