Senator S. L. Fergusson,
Appomattox, Va.

Dear Senator:

Replying to yours, would state we herewith enclose you copy of claim which we filed against the Norfolk & Western Railroad Company showing their claim number as well as ours. We arrived at the amount of this claim, as the writer endeavored to explain to you when you were here, by taking the difference between what the car was sold for in good condition and the amount we were offered for it when it arrived there in bad condition.

Trusting this gives you the information desired, and assuring you we will keep right down after the Norfolk & Western at all times about it, we are

Very truly yours,
