Senator S. G. Ferguson,  
Appomattox, Va.

Dear Senator Ferguson:-

I am enclosing copy of a Bill to be introduced by Senator Garrett and in which I am personally interested. This Bill should remedy conditions that are almost unbearable in this section at times. I understand that the same condition exist in other parts of the State.

I suggested to Harry Byrd when he was in Danville that he embody such a measure in his platform which he did. The Bill was drawn up by John Carter and Mack Harris.

I hope you will assist Senator Garrett in passing this Bill. Expect to see you in Richmond when the Legislature opens.

With kindest personal regards,

Your friend,

Rorer A. James, Jr.
