in Virginia*

**A**FTER an exhaustive survey of the United States, The Allied Chemical Corporation has come to Virginia to make an investment that will exceed one hundred million dollars.

Here they are building the greatest Nitrate Plant in the world. Contracts have been let for the first unit, costing ten million dollars.

Such investments are predicated on facts only. The reasons which have influenced this choice, as given in person by the President of The Allied Chemical Corporation to the Governor of Virginia, are:

Abundance of labor

Genial climate

Proximity to mines

Boundless power

Ample transportation by rail and water

Nearness to all eastern markets

The hospitable attitude of Virginia in inviting new industries

The certainty of favorable taxation both present and future, assured by the "pay-as-you-go" policy of the State—safeguarding against pyramiding bond issues and their ensuing taxes.

As a matter of course, other industries are following the example of The Allied Chemical Corporation in coming to
